

Dec. 4, 1973 - Tues.

Dear Vicki and Jim,

Your Thanksgiving feast. and sounded wonderful and I received the card from Niagara Falls and the nice letter.

I certainly hope the trip to Europe will go thru. I have been reading about cancellations and prices being raised.

The telephone company finally found what was causing the noise in our telephones. They had to put in a new telephone wire from the pole to the house and then I had touch-tone telephones put in.

Mary and Mike have rented a small apartment in Olympia while Mike is working there. I am so glad Mary doesn't have to drive back and forth. They also still have their apartment in Seattle until they know what they will be doing.

I mailed you each a little Christmas present. One is being mailed out from Frederike and the other one from the Bon Marche.

We hope you can make your  
million dollars in twenty years.  
Dad really laughed and hopes he is  
still around.

We are having Christmas Day at  
our house with Mike's folks which  
includes Beth and Ann and their  
two children. It will be fun & our  
sears.

We are going to the Swedish  
Lecia program Friday night with  
Dorothy and Harvey Stark. They are  
taking Swedish lessons also.

I hope your things are arriving  
from your trip. Let me know if  
you receive the missing pieces from  
your lazy sears.

I am going to play bridge this  
morning so will mail this on the  
way.

Love,  
Mom.  
C
